

### MAIN FEATURES

The **InclinoLIM 2D** is an angle indicator which displays in realtime the 2D pitch tilt of drill mast.

The **InclinoLIM 2D** can be installed on any type of drill rig, indoor (with cabin) or outdoor (IP 68) with a specific protection.

The **InclinoLIM 2D** displays in realtime the two angles (X,Y +/- 70° relative to the vertical) of the drill mast on a backlit LCD display with 2 lines of 16 characters of 8 mm high. The values are dimensioned to 99.9° within 1/10°.

← **INCLINOCAN** box containing the two X, Y inclinometers. This box is fitted on the drill mast.

### Technical Specifications

#### DISPLAY UNIT :

- ✓ Weight : < 0.5 kg (1.10 lbs) .
- ✓ Height : 75 mm (3") x 140 mm (5.5")\*
- ✓ Width : 165 mm (6.5") x 230 mm (9")\*
- ✓ Depth : 70 mm (2.8").
- ✓ Packaging : plastic case with transparent cover.
- ✓ Tightness : IP 68.
- ✓ EMC Protection.
- ✓ Power supply : 12/24 VDC.
- ✓ Power consumption : 5 VA max.

\* : Space requirement with brackets.
